

Custom Address and Special Message Labels

Send me your ideas and design with your artwork or image.

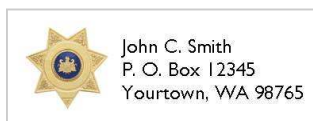

E-MAIL: MYNAMEPL8@EARTHLINK.NET

Design and layout questions:

- Do you have the artwork or image in JPEG or Bitmap format? And, is the image, logo, or wording copyright protected? Do you have the rights to use it?
- For use of any department, unit, agency, or organization badge, patch, wording, and/or logo on your label: when did you work or serve with them? And where (precinct, station, base, etc)?
- When using a "stock" badge or image, or if your artwork or image is very clear and on a clean white background; usually, no set-up fee will be needed.
- However, if you request help with your image, there is a one time set up fee.
- What type of font, font size, and font color do you want?
- What message do you want on your label? Please keep your message in good taste as I reserve the absolute right to decline any order that contains wording and/or images that I deem to be inappropriate, offensive, and/or illegal.
- Please keep in mind that the address labels are about 1" x 2 1/2" in size.
- Order will be printed and shipped **after** your full payment is received.

Use the other side of this order form to show me your ideas and or your layout.
